Reading Newsletter

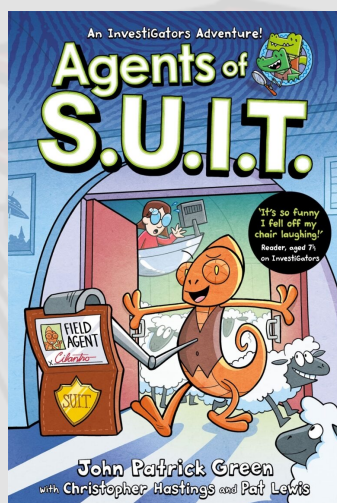

April 2023

Welcome to the 8th edition of the Reading Newsletter. Can you believe we are at the end of April already?

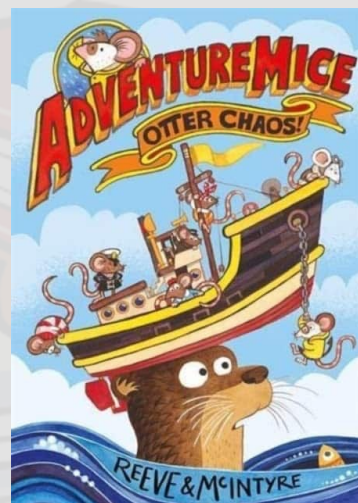

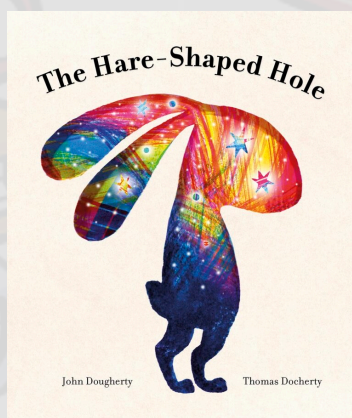

April was especially nice as we had the Easter Holidays. We hope you all had a lovely time egg hunting, receiving eggs and eating all that delicious chocolate. Easter is a time to have fun with family and friends and enjoy your time off, a time to unwind from school life and hopefully catch up with all those little things that you do not get to do whilst at school, I also hope you got chance to catch up on some reading too.

We look forward to the upcoming month, we have three bank holidays in May as the King's Coronation is on one of them, so that will be good to celebrate with King Charles, lots of parties and fun times to come.

Age 7+

BOOKS OF THE MONTH

Age 5+

Accelerated Reading Prizes

We have been overwhelmed with winners for the Wishing Jar, Vending Machine and Star prizes since the start of January and we have tried to catch up with everyone's prizes but it has been really difficult especially in regards to the Star Prizes, Mrs McMullon is an extremely busy person and it is her that deals with the ice-cream factory for Star Prize and hot chocolate and making cookies from the Wishing Jar so please bear with her, she will get round to all the winners at some point. We have changed the report system when we count up the reading tallies now (it will be the last week of every term rather than the end of every month) so hopefully that will help control the prizes and when we can fit them all in. Also gives us chance to replenish the vending machine, it gets hit quite a bit!! Thank you all for your patience whilst we catch up, your children are important to us and they will be awarded eventually.
