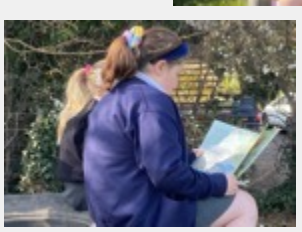
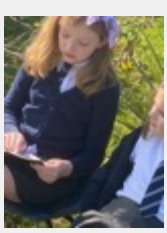
Rodmersham School Reading Newsletter April 2022

Welcome to the 3rd edition of the Reading Newsletter, we had a fantastic time during our World Book Week, and by far, one of the best activities was simply just providing time for the children to read to each other and to themselves. We were blessed with a very sunny afternoon which enabled us to spend time on the field reading and it will certainly be something that we will do on a regular basis. It really was heart warming to see them all participating.





Book Week (22.3.2022 – 25.02.2022)

The children and their grown ups worked really hard on some of the activities for Book Week..

Re-create your own book cover

These amazing book covers were re-recreated by the children in the Abbott family...

Many congratulations to our children in school who have successfully reached their reading goals. There were so many winners this week and it was an absolute pleasure to be able to surprise them in Celebration Assembly on Fry. Well done to you all.

And as it was the end of term it was the turn of the Star Prize which was to have our very own ice cream Factory. There were several children who were poorly and couldn't make it but be assured we will make sure you receive your treat before the end of this week!
